SOLUTIONS FOR BETTER BUILDINGS

Pre-Engineered Metal Building Systems Built for Your World

AMERICAN BUILDINGS
a NUCOR® brand

HERRON CONSTRUCTION COMPANY
PROUD SUPPORTERS OF US MANUFACTURING

Meet the Metal Building Experts

American Buildings is an authority in custom-engineered steel building systems. Our expertise spans applications of all types — from commercial and industrial to community and agricultural. By working closely with Herron Construction Company, we deliver top-quality solutions to your jobsite.

BEST-FIT APPLICATIONS

- Commercial & Retail
- Warehouse & Distribution
- Industrial & Manufacturing
- Community & Government
- Agricultural
- Transportation & Aviation

CUSTOMIZED EXTERIORS

Our systems beautifully combine with a wide range of exterior materials:

- Masonry, Brick & Stone
- Glass, Stucco & Wood
- Insulated Panels

The Benefits Of Building With Steel

COST EFFECTIVE
Up to 30% Less Than Conventional Construction
- Designed with Tekla BIM 3D technology
- Extremely durable, longer lifespan
- Resistance to corrosion, mold & termites
- Reduced freight: 4 full-service plants throughout the United States

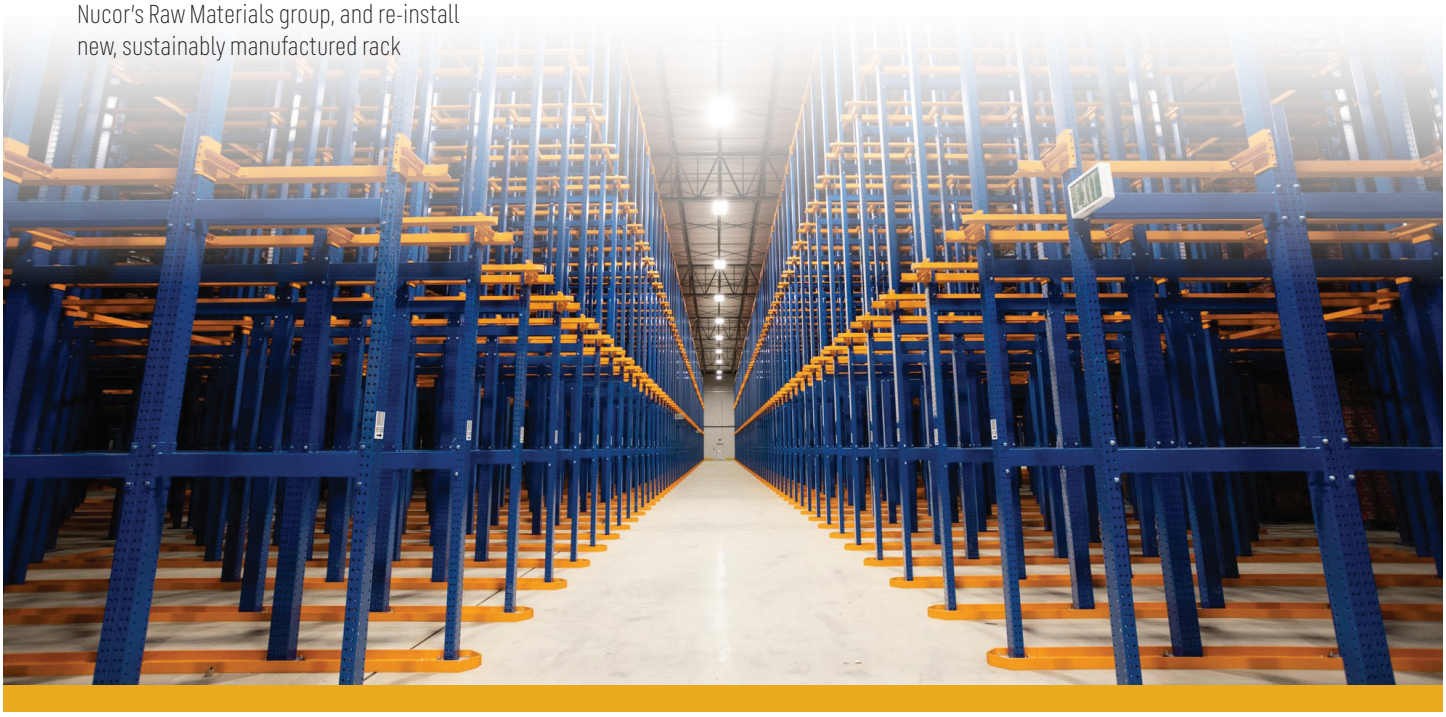

FLEXIBLE & VERSATILE
Architectural Flexibility
- Numerous design options to finish building
- Adaptable for seamless additions
- Wide clear spans provide interior spaces free of columns
- Mezzanines & special load requirements can also be incorporated.

FAST & EFFICIENT
Reduced Design & Build Times
- In-house engineers
- Fast & easy to erect
- Optimized design process
- In-house engineering
- Racking manufactured in three facilities across the US

SUSTAINABLE
Built Green. Built to Last.
- Over 70% recycled steel content
- 100% recyclable at end of life
- LEED goal opportunities built in
- Cool-coated insulated metal panels
- Adaptable to energy-efficient insulation
- We can un-install old racking, send it through Nucor's Raw Materials group, and re-install new, sustainably manufactured rack

CUSTOM ENGINEERED
Solutions that Work.
- Each building is custom-designed
- Latest design technology meets your unique needs.

CREDENTIALS & ACCREDITATIONS
- IAS AC472 Accredited Manufacturer
- MBMA Member
- CAN/CSA-A660 Certification for Manufacture of Metal Buildings
- CWB W47.1 Certified
- We are R-Mark Certified with the Rack Manufacturers Institute
